This year's work consists of sacred choir music, in keeping with Passion Week and the Easter season. Among the selections to be rendered are "Were You There When They Crucified My Lord," "In Joseph's Lovely Garden," and "O Sacred Heart."

The society will sing in the Crossfield United Church on April 7th at 8 p.m., the Didsbury high school auditorium on April 8th at 8 p.m., and on Sunday afternoon, April 10, at 3 p.m. in the New Bethel Church.

## Red Cross Carries Many Duties

The Red Cross is many things to many people. To one it is the Blood Transfusion Service; to another, the Alberta Red Cross Crippled Children's housing clothing; to another, the Red Cross help in time of disaster; and so on, through all the tremendous service programs of this world-wide organization. Most of all, the Red Cross is YOU, YOUR sacrifices, YOUR interest in the Red Cross Society means that you play a big part in each service of the Red Cross.

Red Cross assistance to people in need is not just sympathy and platitudes. It is YOU giving your help through concrete things like blood and plasma, warm clothing, medical and hospital aid to crippled children; food to those who find riches in a slice of bread. Like the ever-increasing crises caused by a stone dropped into a pond, your donation to Red Cross gives your individual help to an ever-increasing circle of the needy. YOU are the Red Cross.

## Through The Study Window

By REV. C. C. ARMSTRONG

The news this morning, via radio, told of a most unseemly outburst way down in Montreal. Mr. "Rocky" Richards' suspension for clubbing another hockey player with a stick has been a very unpopular decision with some of his loyal and overly-constructive followers. In a game last night the whole thing flared up into civil disobedience, riot, looting, tear-gas bombing and heaving of assorted groceries. The loss is estimated in thousands of dollars as the result of breakage and theft of articles.

Of course, such rioting provides an excellent opportunity for those who are not hockey fans at all to undertake to do some looting while the fireworks are in progress. Hockey is not an incentive to thieves, and it is criminals rather than hockey fans who are responsible for looting.

Nevertheless, it leads one to pause and reflect upon the attitude that many people take to their sporting heroes. Their attitude is not a healthy one. In excitement of a closely fought game wherein genuine interest in sports is inextricably mixed up with civic pride and loaded also with commercial implications, the result is serious. Hockey, in addition to being a sport, is also a business proposition. The rules governing the players not only concern their physical welfare but also their status as valuable commercial property. The game thus becomes not only a sport but a serious and sometimes bloody business for those taking part.

A commentary on mass hysteria in a column such as this will not do much to improve matters. But I do think that something should be borne in mind that does affect us as individuals. The kind of spirit or attitude that is developed by stressing sports is healthy and beneficial, provided that sport is regarded by adults, with a proper perspective. For youngsters, sport is something in which they want to participate. For adults, sport all too often is simply something they want to see. Pent-up emotion can find a much healthier outlet by physical exertion connected with the sport itself than if we simply try to blow off steam as spectators.

But the degree to which we take part in sport is not similar to that of emotional health or physical fitness. I don't think one can have a sound mind within a healthy body without a healthy soul. For this

### COUPLE CELEBRATE 25TH ANNIVERSARY

Saturday night, March 12 a host of relatives and friends gathered at the Westcott school to honor Mr. and Mrs. Adam Korschuh on their twenty-fifth wedding anniversary.

Mr. Albert Krebs acted as master of ceremonies for the occasion and interjected into the variety programme with a lot of humorous jokes about the honored couple's courtship keeping the crowd in a gay mood. The programme itself consisted of piano solos by Garry Weidner, vocal solos by Mrs. Ruth Goetjen, songs with recitations by Jack Robertson, always a favorite piano soloist, Carole Krebs and Miss Audrey Luft. A much enjoyed, humorous recitation by Mrs. Ross Young, vocal solos by Larry Krebs, musical selections by the Krebs Orchestra with Mrs. Ross Youngs accompanying, skit "Mock Marriage", Westcott Youngs People which brought roars of laughter from the crowd thus completing this part of the programme. Mr. Krebs then asked Mrs. Korschuh to come forth while they were seated Mrs. Ross Youngs read another of her famous recitations on "Husbands".

Mr. Krebs then presented the honored guests with a beautiful chest of Community Plate silverware in the Evening Star pattern, a gift from their many friends and relations. Mrs. Korschuh expressed her sincere happiness and appreciation at being so kindly remembered in this lovely way on this their anniversary, telling also of how they had been taken so by surprise that they were both over whelmed. Mr. Korschuh also expressed his thanks.

In the interval while lunch was prepared for serving, the Krebs orchestra again favored the crowd with more of their music. Mr. and Mrs. Korschuh and their attendant, of twenty-five years ago, Mrs. Annie Krebs were seated up front at a table graced with a lovely decorated cake made especially by Mrs. H. Wislisen for the bride.

Lunch over, the crowd gathered around the guests of honor and congratulated them and wished them well in the future.

reason sport, particularly Sunday sport, is something that should always be governed by principles of spiritual well-being. Unless we put the principles of the Kingdom of Heaven in the rightful and supreme place, then all our sports will suffer from behavior that destructive, unprincipled dangerous. Without sound Christian people, spiritually strong, there cannot be good sport, and where sport takes precedence over Christian discipline, the result will always be bad.

## WEDDINGS

### HUNTER—RUPP

St. John's Anglican church, Olds, was the scene recently of a very pretty afternoon wedding when Miss Betty Joan Rupp, R. N. daughter of Mr. and Mrs. James W. Rupp of Didsbury became the bride of Mr. Richard Scott Hunter, youngest son of Mr. and Mrs. William W. Hunter of Olds.

Rev. E. R. Doyle of Olds officiated at the ceremony. The bride, given in marriage by her father looked lovely in a graceful, full bouffant gown of nylon tulle poised over satin. The soft bodice overlaid with fine chintilly lace featured a sweetheart neckline and dainty lily point sleeves encrusted with opulent beads. The bridal headpiece was in matching lace and beading from which cascaded a misty tulle veil edged in matching chintilly lace. She carried a cascade bouquet of red roses.

The maid of honor, Miss Jean Stanton, R. N. former classmate of the bride chose an orchid taffeta gown with double net skirt and matching taffeta bolero and dainty orchid headpiece. She carried a cascade bouquet of white carnations.

Miss Adrienne Scheidt as bridesmaid chose a brocade tulle gown with double net skirt and matching brocade bolero and dainty turquoise headpiece. She carried a cascade bouquet of yellow carnations.

The mother of the bride chose a two piece dress of navy tulle with powder blue hat and accessories. Her corsage was of yellow roses. The groom's mother chose a printed silk dress of French gray and rose with matching rose flowered hat and accessories. Her corsage was of pink roses.

Mr. Harold Randers of Olds was groomsmen and Mr. William Hunter and Mr. James Marshall of Calgary, brother and brother-in-law respectively of the groom ushered the guests.

During the signing of the register Mrs. S. Robinson sang "The Lord's Prayer" and "O Perfect Love." Nuptial music was played by Mrs. W. F. Mitchell, organist of the church.

Following the ceremony a reception

### LOCAL STORE TAKES ON "NEW LOOK"

Lesson Hardware has taken on a new Spring look this week. The whole interior has been painted in new bright pastel shades of yellow, turquoise and salmon.

These new shades, in the modern trend, have given a soft, pleasant glow to the store which imparts a warm, friendly feeling to all who view it.

The new Bapeco rubberized "Latex" paints were used throughout, and found to flow on very smoothly and evenly and covered very well.

Customers and friends are invited to drop in and see the "New Look".

was held at the Evangelical church parlor in Didsbury where the toast to the bride was proposed by her uncle, Mr. Thomas Morris and to which the groom very fittingly responded. During the reception some very appropriate piano selections were rendered by Miss Helen Swalm. Following a honeymoon trip to California and other U.S. points Mr. and Mrs. Hunter will reside in the Olds district.

### WALTHER LEAGUE PLANS VARIETY CONCERT

The March 15th meeting of the Redeemer Walther League opened with the hymn "Take My Life and Let it Be" and a prayer.

The topic "My Witness at My Job" was led by Jack Meyer.

The roll was called, visitors welcomed, and the minutes read and

adopted.

A motion was passed to again join the National Film Board at a fee of \$25.

The first rehearsal for the Variety Concert will be held on March 29th. The treasurer reported that the goal set by the district in regard to dues is not quite being met, but that the district has the membership recorded higher than it actually is.

The business meeting closed with the Walther League song.

HIGHWAY  
CONSTRUCTION  
IN ALBERTA

Alberta's first four lane super  
highway is now under con-  
struction. Located between  
Crossfield and Bowden, this 29  
miles will consist of four 12-  
foot lanes, two asphalt-bound  
shoulders and a 20-foot centre  
strip dividing the two flows of  
traffic. The new highway will  
rank with the finest ever built  
in Canada.

All main highways are being  
built on a four-year schedule.  
The first year solves the prob-  
lems of location, purchase of  
right-of-way, design and the  
building of the subgrade. Of  
major importance is that of  
drainage and this is given close  
attention when actual con-  
struction is begun.

Highways must be built from  
the bottom up, and so slays  
going into the sub-grade must

be carefully selected. Continual  
tests are run in the field lab-  
oratory to check the stability  
of this basic material.

As it takes shape, the sub-  
grade is wetted down and com-  
pacted with sheepfoot packers  
and heavy rollers. Ditches,  
shoulders and grade are fine  
graded, and first course surface  
gravel, again carefully selected,  
is applied. The new highway  
is then put into use over win-  
ter.

The second year of the  
schedule calls for repaving  
any failures that might have  
been caused by frost action or  
traffic. After this, a stabilised  
base course of screened gravel  
is spread to a depth of five or  
more inches. Two more layers  
of crushed gravel come next,  
each heavily compacted, the  
latter consisting of asphalt-  
bound crushed rock, bring the  
thickness of the base course to  
nine inches or more.

At the beginning of the third  
year, any further weaknesses

are corrected and a coat of as-  
phalt is applied. After this  
comes the hot plant mix of as-  
phalt and sand. A ribbon of  
the mix, three to four inches  
in thickness, hot to touch and  
smooth as a table, is rolled in-  
to place at the rate of one to  
two miles a day. A few hours  
after the new surface has been  
laid, it is ready for traffic.

The fourth year of the sched-  
ule followed in Alberta brings  
the application of the seal coat.  
This consists of a light layer  
of asphalt and rock chips rolled  
into the surface to give it  
greater durability and trac-  
tion. When lanes are marked  
and additional guide posts and

markers erected, the new high-  
way is completed.

Alberta now has more than  
1,500 miles of hard-surfaced  
highways, approximately 20-  
000 miles of gravelled main  
and secondary highways, and  
district roads, and more than  
30,000 miles of graded roads  
which are still to be gravelled.  
Engineering skill and knowl-  
edge behind the construction  
and maintenance of this vast  
system are the most expert ob-  
tainable. Safety and endur-  
ance are built into every mile  
of road, and the search for  
better methods never ends.

BOARD  
NOTES

**SCREENING FOR FEED:** Certain  
types of weed seeds can be used as  
a livestock feed. While they cannot  
be considered as a first class ration  
they constitute a feed which is prob-  
ably equal to good quality hay.

Farmers or livestock feeders are  
reminded that the screenings should  
be handled in such a way that none  
of the weed seeds germinate and  
start new infestations of the weeds  
which are hard to eradicate. It is  
unlawful to feed weed screenings to  
livestock without a permit from the  
weed inspector for the area. The  
feeding enclosure must be approved  
by the weed inspector.

The manure from livestock con-  
suming weed seeds should be piled  
and allowed to rot prior to spreading  
on the land. Before transporting  
screenings, a permit must be obtain-  
ed from the weed inspector who must  
be assured the screenings will be car-  
ried in tightly covered boxes.

These regulations are designed to  
protect those who are making an  
effort to control and eradicate  
weeds.

Please note that I will not be in  
the office as usual on Friday April  
1st as I will be attending a joint con-  
vention of District Agriculturists and  
Field Supervisors in Edmonton for  
several days over the last of March  
and concluding on April 1st.

## PARLIAMENT DEFIED

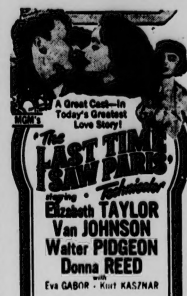

"All the debate in parliament  
about a Bill of Rights missed the  
real point," declares Bruce Hut-  
chison in The Financial Post. "In  
this learned discussion of ab-  
stractions, the practical current  
fact, the only serious challenge to  
liberty, was scrupulously ignored.  
It is, of course, the legislation of  
Quebec. A statute oddly named  
the Freedom of Worship Act gives  
the Quebec government power to  
interfere, pretty much as it pleas-  
es, with speech freedom, assembly  
and press. More important in the  
end, the Quebec Legislature pro-  
claims the doctrine that Canadian  
people's civil rights are under  
provincial control and can vary  
from province to province; that  
there can be 10 different stan-  
dards of citizenship; and therefore  
that in the most essential aspects  
of citizenship this is not a nation  
but a congress of 10 states. Mr.  
Duplessis thereby challenges and  
so far has defied the supremacy  
of Parliament in the whole field  
of civil rights."

## WESTCOTT NEWS

(From Our Own Correspondent)

(Intended for last week)

Mr. and Mrs. Bill Weidner were

Calgary visitors on Saturday last.

Word has been received that the

youngest daughter of Mr. and Mrs.

Cliff Murphy, Donna, is very ill at

her home here.

The district was shocked to hear

of the sudden passing of Mr. J. F.

Moir at White Rock, B. C. Mr. Moir

had previously resided in the West-

cott district for many years having

operated the Westcott store and Post

Office, he had resided here so long

that he was well known for miles around, and had seen many changes come and go during his time here. He enjoyed coming back for short visits renewing those old acquaintances and we in turn were always pleased to see him as he seemed as much a part of Westcott as Westcott was of him. In his passing we have truly bade farewell to one of this district's outstanding pioneer citizens.

Mr. and Mrs. Willie Bogner spent the week-end in Calgary with relatives.

Mrs. Bob Hughes of Calgary spent a few days here with her husband and his mother Mrs. Jas. Hughes. While Mr. Hughes Sr. is at the Bull

Sole in Calgary.

## DISTRICT NEWS

## M.V.B.C. NEWS

(From Our Own Correspondent)

The A Capella Choir appeared in four Alberta centres during the past week-end. Leaving Friday afternoon they appeared in Castor. On Sunday they presented their concert in Galahad, Stettler and Canrose. This tour was very successful, and they are anticipating other such occasions within the coming weeks. Students reported in Chapel on Monday morning, and expressed their appreciation for the kindness and hospitality shown them. Mr. Lusk received some splendid compliments on the rendition of the sacred numbers presented.

Rev. Eldon Boettger, Dean of Men, was guests speaker at a Missionary Banquet sponsored by the Student Missionary Society at Canadian Nazarene College of Red Deer on Friday evening.

Miss Walsh with several students visited Hartman Nazarene church on Sunday. They took part in the Sunday School there.

Mrs. Suder entertained the students who are not members of the choir Friday evening in her apartment. They enjoyed a waffle supper.

President and Mrs. Taylor entertained Rev. and Mrs. Ray Shantz and family on Sunday for dinner.

This coming week there will be a musical recital held in the United Missionary Church at 8 p.m. You will want to hear these talented musicians who have been under the instruction of the Music Faculty of the College. Bring your friends with you.

The Juniors are very busy arranging for their Junior-Senior Banquet to be held the evening of March 28. This is always an outstanding event of the year where the Seniors are honored, and expressions of good wishes from the Juniors presented.

You will want to watch this column for outstanding events which are always a part of College closing. The Speech Recital will soon be given, and you will want to be there.

The College students and Faculty are helping to sponsor the play put on by the Olds Baptist Young People in the United Missionary Church on Friday evening of this week. Reports indicate it is well worth seeing. Be sure to come.

Spring is here. Soon Easter will be here. It is a wonderful season of the year. Let us be glad in it.

## In The Legislature

By DONALD F. SMITH

EDMONTON — A man purchased a fairly large office building, known as the Alberta Block, on Edmonton's main street, for \$175,000 on June 8, 1952. The following day he sold a three-quarter interest in that building to a friend for \$175,000. The original purchaser retained a one-quarter interest, raising the value of the building to \$234,000 — an increase in value in one day of \$59,000.

Its sale to the provincial government in August, 1952, for \$225,000, was one of three real estate deals questioned by Calgary Liberal H. J. MacDonald in the Alberta legislature last week as he requested an investigation into the handling of provincial money. He charged there was waste and extravagance.

His request that the investigation be made prior to approving any estimated expenditures for the coming fiscal year was ruled out of order by Speaker Peter Dawson.

Mr. MacDonald's contention was there had been a \$50,000 profit on the building in three months. The details of the original purchase and sale of a three-quarter interest were given to the House by Hon. C. E. Gerhart, provincial treasurer, later in the week as he defended the record of the public works department in land dealings.

The treasurer said the Liberal member had neglected to mention the transactions which took place between the time of the original purchase and the sale to the government. He suggested the higher price resulted from the cost of breaking leases held by tenants, commissions on the sale, architects' fees, legal fees and the cost of financing, in the preparations of the two men to turn the building into a hotel. But Mr. MacDonald contended these costs have nothing to do with increasing the value of the building.

The reason the men sold the building, according to Mr. Gerhart, was due to pressure of business on one of the men to put money into improving a Calgary hotel, of which he is proprietor.

Mr. MacDonald also had questioned why there was a \$12,000 profit in six days on land sold to the government for a Calgary liquor store. The treasurer reported the liquor control board had sought a bid for property in the selected area and finally decided to buy the land in question.

It was held by a used car dealer under a lease-option calling for a selling price of \$15,750, Mr. Gerhart said, and he was asking \$54,000. The liquor board offered a cash price of \$46,000, which the option holder accepted. He exercised his option and the transfer went through the land titles office six days before the transfer to the government.

The third deal, brought up by the Liberal member, involved the proposed expenditure of \$28,440 (a \$18,180 increase over last year) for the maintenance of an Edmonton building no longer owned by the government. He had also noted the government bought the building in 1949 for \$75,000 and last year sold it for \$64,000.

The government knew the building wasn't a good one when it was bought and it was expected to depreciate heavily, Mr. Gerhart said, but office space was in urgent demand. Last year when it was sold by tender to the highest bidder, the government retained the right to rent the quarters for \$26,586 a year, he said.

Those were the explanations given by Mr. Gerhart as he ended the debate on the budget but it was not expected to be the end of questions about these transactions and the Calgary jail land dealings. The public accounts committee, which has authority to call witnesses and question them under oath, was to begin sitting this week at the request of the Liberals.

In other matters during the week, the government introduced legislation, still to be finally approved, to allow marketing boards for a variety of agricultural products, excluding cattle and sheep.

JOLLY JUNIORS GIRLS CLUB

The regular girls club meeting was held on Friday evening at the home of Linda Snyder with fifteen members and one visitor present.

Roll call was answered with something Irish.

To raise money for uniforms the girls decided on raffling a satin sound wool blanket and a box of chocolates. The blanket was given to the girls by the Mountain View W. I.

The hemmed tea towels and pot holders were turned in and work started on the embroidered tea towel. Mrs. Arthur Gebers kindly consented to show the girls the main stitches in embroidery.

Rose, Marie and Alice Hamper gave the girls the bit of fun in the form of a contest which was won by Donna Gale.

Frances Kolout and Christine Fry were the hottest helpers. The next meeting will be at the home of Doreen Pratt on April 8th.
